# ENTRY DOORS

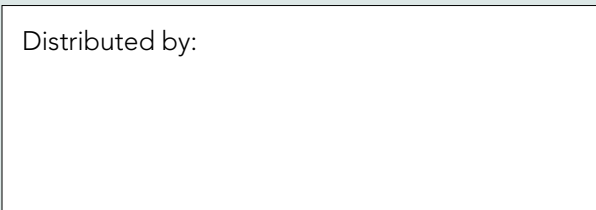

"To serve, by caring for details in ways others won't." It's not just our mission, but a way of letting our light shine every day at ProVia. We continually strive to put these words into action by providing unmatched quality and service. The P-icon symbolizes each employee's commitment to devoting the utmost care, pride and quality into each building product we manufacture...it's The Professional Way.

# BEAUTY

You never get a second chance to make a first impression. A beautiful ProVia door will always greet your guests with classic style and elegance.

Decorative Glass panels are crafted by hand and feature genuine brass, patina or zinc coming.

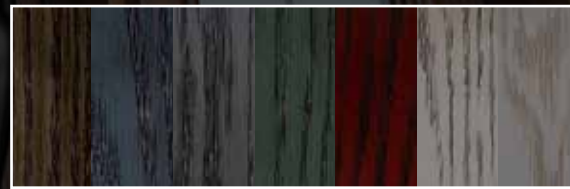

Signet™ Fiberglass Doors offer woodgrain and embossing that are astonishingly true representations of a real wood look. Cherry or Mahogany series are offered in 7 unique stains.

Signet™ Fiberglass Doors: Oak, Knotty-Alder or Fir series are offered in 7 unique stains.

Signet™ Fiberglass Doors: All series offered in 7 glazed finishes giving distinctive beauty achieved through a creative hand-applied finish to give each door a unique aged look.

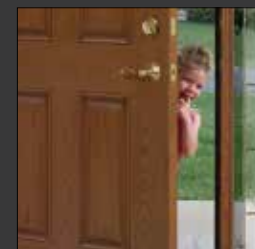

# DURABILITY

At ProVia, we take pride in delivering entry systems of top quality construction, made with the finest materials and backed by our Lifetime Limited Transferable Warranty.

# SECURITY

Your security and safety is our concern. That's why we've reinforced our lock and deadbolt areas with commercial gauge steel.

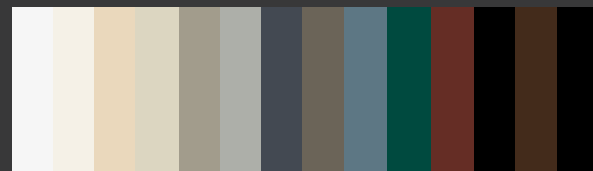

Heritage™ Fiberglass & Legacy™ Steel Doors are available in a smooth series and a textured woodgrain that have a natural, wood-like appearance.

## Exclusive Finishes

Applied at our factory • 17 colors • 7 stains • Oven-cured

To select color finish, refer to our color selector for accurate color representation. Stain colors only available on woodgrain textured steel and fiberglass doors.

## Featured Colors

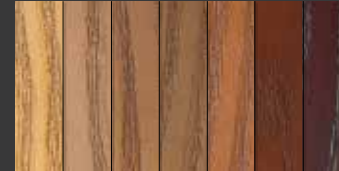

## Limited Colors

- Available on Entry Doors & Storm Doors
- Matching cladding and caulking not available

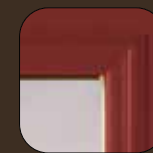

## Stains

Our stains are hand-applied by professionals, then oven cured for maximum beauty and durability. State-of-the-art electrostatic paint application ensures a beautiful even coat.

Our hinges are coated with a special rust-resistant zinc chromate finish for long-lasting beauty.

High performance, heat-resistant window trim is warranted not to warp, crack or pull away from the door, even in sunny or higher temperature applications.

To reinforce the lock and deadbolt area, we add a rigid composite lock block to all our steel doors.

FrameSaver™ wood frame and brick-mold with finger-jointed composite bottom prevents water absorption and carries a Lifetime Limited Warranty when used with PVC vinyl coated aluminum frame cladding outside.

Our 20-gauge steel security plate ensures you a level of security not found on other residential doors.
